

Dejero

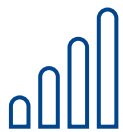

Dejero and VolAero Drones have partnered to provide Public Safety, HLS, Federal and Military agencies with an integrated end-to-end UAS video and communications solution that is reliable, mobile, and resilient.

Enhance your situational awareness from above:

- Immediate, reliable access to live situational awareness
- High-resolution, low-latency real-time video
- Mitigate network coverage gaps, even in remote locations
- Share low latency video with tactical teams
- UAS and Comms operate in extreme environments
- Portable and remotely controlled

The most reliable UAS system

Resilient internet and video connectivity

Improve situational awareness in congested and austere environments

Enhanced network bandwidth aggregation, including satellite blending

Secure and reliable internet, voice, video and data
