EnGo 3s
5G mobile transmitter and internet gateway

Unmatched 4K and 5G performance allows you to go live and transfer files from anywhere.

Reliable, fast, and easy to use, EnGo 3s can harness the power of 5G networks to offer unmatched connectivity to mobile video professionals. It efficiently encodes and securely transmits live video from the field in stunning 4K (3840x2160) resolution. Use the integrated GateWay mode to maximize performance and productivity with resilient, high-bandwidth, wireless internet access offering speeds up to 500 Mbps.

Whether you're reporting breaking news, shooting a scene, transmitting a live event, or broadcasting sports, our patented Smart Blending Technology™ ensures the EnGo 3s performs in even the most challenging network conditions, such as remote locations.

Superior RF and Antenna Design
EnGo 3s features four antennas per modem to achieve greater reliability and faster speeds. It also supports additional bands that other mobile transmitters can’t connect to.

Low Latency
Reliably broadcast video with glass-to-glass latency as low as 0.5 seconds over bonded cellular connections, perfect for real-time transmissions and smoother talkbacks.

4K Transmission
EnGo 3s can transmit 4K (3840x2160) 60 10-bit HDR live video with stunning picture quality, making it the perfect companion for sports and live event transmissions.

Enhanced Security
A Trusted Platform Module that authenticates your device combined with AES256 encryption and a security-hardened Linux OS ensures your content is transmitted securely.
**Key Functions**

- **Live**: Transmit broadcast-quality live video over IP networks
- **Recording**: Record video for later transfer
- **Live and Recording**: Transmit live while also recording video for later transfer at a higher quality
- **Record and Auto Transfer**: Video is transferred to a Dejero receiver while still recording
- **File Transfer**: Transfer edited video or other files to a Dejero receiver
- **Wi-Fi Hotspot**: Internet access over a single network connection, preserving remaining connections for video
- **GateWay Mode**: Resilient, high-bandwidth internet access over aggregated network connections

**Video**

- **Formats**: 4K (3840x2160) 23.98/24/25/29.97/30/50/59.94/60, 1080p 23.98/24/25/29.97/30/50/59.94/60, 1080i 25/29.97/30, 720p 50/59.94/60, 576i 25, 480i 29.97
- **Encoding**: H.264 AVC and H.265 HEVC, adaptive bitrate
- **Bitrates**: Live bitrate up to 60 Mb/s, Record and Auto Transfer bitrate up to 30 Mb/s
- **Inputs**: 12G/3G/HD/SD-SDI, HDMI, IP (MPEG-TS, RTMP, RTSP)
- **Output Options**: SDI, SMPTE 2110, MPEG-TS, Content Delivery Networks (CDNs), Social Networks, MultiPoint

**Audio**

- **Encoding**: Live: Opus 48 kHz, 2-, 4-, 8-channel 16-128 kbps adaptive bitrate, 16-bit audio depth
  Recording: AAC 48 kHz, stereo or 4-channel
- **Inputs**: Embedded (SDI)

**Network Connections**

- **Cellular**: 4 x 3G/4G/5G
- **Ethernet**: Dual 1 Gbps port for LAN, WAN, and portable satellite (including BGAN, Ku-band, Ka-band)
- **Wi-Fi**: Dual-band wireless with Wi-Fi 6 (802.11 a/b/g/n/ac/ax), Open WEP, WPA-PSK and WPA2-PSK

**Power**

- **Internal Battery**: Internal battery provides over 3 hours of runtime
- **External Battery**: Easily accessible Gold Mount or V-Mount plates in backpack or use included D-Tap cable
- **External DC**: 100-240 VAC adapter, 90W (included)

**Physical**

- **Dimensions (H x W x D)**: 25.1 x 15.6 x 9.8 cm (9.88 x 6.14 x 3.86 inches)
- **Weight**: 2.08 kg (4.6 lbs)
- **Operating Temperature**: 0° C to +45° C (32° F to 113° F) mounted
  0° C to +40° C (32° F to 104° F) in backpack up to 95% RH (non-condensing)
- **Screen**: 5" capacitive touchscreen
- **Interfaces**: SDI in (BNC), HDMI in, HDMI out, 2 x RJ45 Ethernet, 2 x USB 3.0, IFB output (3.5mm), Intercom audio (3.5mm), DC in, wired remote
- **Accessories Included**: Backpack with wired remote
  External battery charging plate for V-Mount or Gold Mount batteries
  D-Tap power connector cable
  Audio cables for IFB (XLR and 3.5mm) and Intercom (3.5mm)
  SDI and HDMI video cables

**Certifications**

- **Smart Blending Technology**: Aggregate 3G/4G/5G, Wi-Fi, Ethernet, and portable satellite connections
- **Hybrid Encoding Technology**: Hardware/software encoding dynamically adapts in real-time based on the complexity of the video scene being captured and the network throughput
- **Resilient Wireless Technology**: Advanced RF and antenna design with 4 x 4 MIMO architecture for ultra-reliable transmission and reception
- **Easy to Use**: 5" capacitive touch screen provides confidence monitoring, status information, and in-field control
- **Ergonomic Backpack**: Includes shoulder-mounted wired remote, sun shade, simplified cable management, and space for optional external battery
- **Vehicle Antenna Dock**: Mount inside a vehicle and connect to external antennas with optional dock
- **Travel-friendly**: Integrated global modems, global roaming connectivity services, field-accessible SIMs, and an internal battery that’s aircraft carry-on compliant
- **Internal and External Battery Options**: Over 3 hours of battery life from rechargeable internal battery, plus optional use of external ENG camera batteries for extended runtime
- **Enhanced Security**: Keep your content protected with AES256 encryption, trusted hardware authentication, and a security-hardened Linux OS
- **IFB and Intercom**: One-way IFB over wired or Bluetooth* earpiece, and two-way, full-duplex Intercom voice communication
- **Return Video**: Connect external display to HDMI output to view a low latency feed from the studio

* H2 2022 software update
