

Dejero

Dejero and Dazzl together offer an integration that streamlines live multi-camera cloud-production and delivery of video content for live news, sports, and events to the web and social media platforms.

Capture broadcast-quality, low latency live video from virtually anywhere and take your live production to the cloud with:

- Virtual video production
- Effects
- Graphical overlays
- Multicast to web and social media

Unlocking possibilities

Capture live video
from anywhere

Live production
in the cloud

Multi-platform
distribution
